Website	https://ipepjaen.com https://changingeducationwitherasmus.blogspot.com

Descrição da atividade	
Título da atividade	How are we going to change our education at the prison?
Data de realização	13th of October, 2022
Participante(s)	7 inmates 2 teachers.
Descreva como promoveu o 'DIEP 2022' (max. 150 palavras)	We have informed all the members of the community of the celebration of this day. We had a talk with the Director of the prison as well as with some officials of the prison where we teach. We have informed the SEPIE, the Spanish National Agency and all the schools that work with interns, totalizing nearly 4.000 teachers. The local educational authorities have also been informed. We are disseminating the information through social media, mainly Twitter @ErasmusIpejaen
Explique o significado, para o seu público-alvo, da promoção do 'DIEP 2022' (max. 150 palavras)	This year our school has begun a 'monstruous' Erasmus+ Project, focused on promoting a better educational approach for our intern students. This activity has been the first one within this Project with our students, intended to enhance their motivation. We think we have managed to make them see how important they are for our school and for our society, not only as students, but as human beings who are striving to have a second chance.

Justifique porque considera que o 'DIEP 2022' foi um sucesso	1) Students were surprised to see that they were the focused of attention. 2) They had the chance to talk about themselves, about their needs, about their feelings, their concerns. They started to write down their proposals to enhance their education, their schooling in a document which, once finished, polished and screened have been published. We will send those to the penitentiary administration in due course, through the appropriate channels. 3) They have been heard, for the first time, in their prison and in our school. That is a huge step.
Forneça uma lista de anexos [fotos, panfletos, notícias jornal, links para website(s), etc.] e esclareça como estes foram utilizados	1) There will be several entries on the web and blog of the Project about this activity, yet to be written. The first one is already published 2) Only one photo passed the screening process of the penitentiary security, and will be published in the web too. 3) https://changingeducationwitherasmus.blogspot.com 4) https://changingeducationwitherasmus.blogspot.com/2022/10/iii-epoca-erasmus-ipep-de-jaen-la-voz.html
Identificação do vencedor	
Nome e função da(s) pessoa(s) responsável(eis) pela coordenação das atividades	Nome: Manuel Molina Porlán: English teacher; Tutor of ESPA I, Tutor at the local prison. Erasmus+ coordinator. Manuel Rosell. Math teacher; Tutor at the local prison; participant in the Erasmus+ proyect.

do 'DIEP 2022'	Função no 'DIEP 2022': 1) Introduce the activity and the festivity to the Director and Board of the prison, of our school and our community. 2) Carry out the activity with the interns. We have organized the activity in 3 sessions -6 hours in total. 3) Collect the essays submitted by the interns, assess them and publish them. 4) Request the police permissions to publish the materials.
----------------	--
